

2026
Jeep **RECON**

ALL-NEW JEEP® RECON

LEGENDARY 4xe CAPABILITY.

ZERO EMISSIONS. The all-new, all-electric 2026 Jeep® Recon is more than a vehicle—it's a promise of adventure, durability and unmatched capability. With legendary off-road strength, it's built to push boundaries and redefine what's possible.

CRAFTED FOR CONQUEST

BORN TO CONQUER what others avoid, Jeep® Recon Moab boasts the largest standard tires in its class^{1*} – with a standard full-size spare! Inside, it's all about a roomy, rugged, modern design that blends handcrafted material with clever storage for every kind of adventure.

* A note about this brochure: all disclosures can be found on the last page.

CHARGE

INTO THE WILD

JEEP® RECON – the only fully electric, Trail Rated® SUV in the market – brings 650 horsepower and 620 lb-ft of instant torque to every highway and trailhead. With up to 230 miles of all-electric range² and 0–60 mph in as little as 3.6 seconds, this is the kind of strength that’s built to conquer.

OPEN-AIR FREEDOM

THE ALL-NEW JEEP® RECON is the only fully electric utility vehicle with removable³ rear quarter glass and removable swing-gate glass⁴ that can come off in seconds – no tools needed. When the mood strikes, the available class-exclusive Sky One-Touch® Power Top⁴ opens or closes with the push of a button. Adventure has never felt this free.

ADVENTURE

AT YOUR FINGERTIPS

COMMAND THE JOURNEY through a massive 14.5-inch touchscreen – the largest ever offered in a Jeep® Brand vehicle.⁵ The advanced Uconnect® 5 system delivers EV-focused pages for range and charging, Amazon® Alexa integration, a fully digital cluster with customizable views for maps and cameras and intuitive physical controls for volume and tuning – all designed for clarity on and off the trail. Of course, every journey needs a soundtrack, so the Alpine® Premium Audio System comes standard.

Moab in Hydro Blue.

CHARGE WITH CONFIDENCE

Jeep[®] Recon offers an available charging cord that works with both Level 1 and Level 2²⁶ outlets, giving you flexible options for charging at home or on the go.

Drivers can charge their vehicle from 20% to 80% in 28 minutes with Level 3 DC Fast Charge.²⁷ See your dealer for full details.

Jeep®

BUILD YOURS TODAY

¹ Based on EVs in the U.S. IHS Mid-Size UV and Premium Mid-Size segments, excludes other FCA US LLC models. Based on the latest available competitive information. ² Based on manufacturer's estimated 91 City / 70 Highway / 80 Combined MPGe when equipped with a fully charged battery achievable under ideal driving conditions. Actual range may vary and depends on various factors, including but not limited to weather conditions, traffic conditions, driving style, terrain, tire, wheel and additional accessories equipped on the vehicle. For more information, visit www.fueleconomy.gov or contact dealer for more details. ³ Be sure to follow all instructions in Owner's Manual for removal of doors. Driving with the doors off is for off-road use only. ⁴ Based on EVs in the U.S. IHS Utility Vehicle (UV) segmentation, excludes Low-Speed Vehicles (LSV) or Neighborhood Electric Vehicles (NEV), and excludes other FCA US LLC models. Based on the latest available competitive information. ⁵ Based on current Jeep vehicles available globally. Based on usable digital screen area. ⁶ For supported file formats, refer to the USB Port section of the Owner's Manual or DVD. ⁷ All SiriusXM services require a subscription, sold separately by SiriusXM, after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service after the trial, the subscription plan chosen will automatically renew and be charged according to your chosen payment method at then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement & Privacy Policy at www.siriusxm.com for full terms and how to cancel, which includes online methods or calling 1-866-635-2349. Available in the 48 contiguous United States, D.C., and Puerto Rico (with coverage limits and capable receiver). Visit www.siriusxm.com/FAQS for most current service area information. Availability of some services and features is subject to device capabilities and location restrictions. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of SiriusXM Radio Inc. and its respective subsidiaries. ⁸ Three-month / 3GB trial included with the purchase or lease of a new vehicle. Upon the earlier of either the expiration of the trial period or usage of included 3GBs, the trial ends. Purchase of a subscription is required to continue service. Wi-Fi Hotspot available through third-party provider subscription and subject to provider terms and conditions. Requires eligible vehicle with Internet-enabled mobile device. Contact your dealer for details. Wi-Fi Hotspot functionality available in U.S. and Canada only. Coverage and service not available everywhere. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. ⁹ Vehicle must be properly equipped with a Uconnect 5 NAV system. Requires a Wi-Fi Hotspot data plan and linked Amazon account to run Alexa in the vehicle. ¹⁰ Vehicle must be enrolled with Jeep Connect, be in an active and usable cellular range, and have an active subscription. ¹¹ Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay is a trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the U.S. and other countries. Apple terms of use and privacy statements apply. ¹² To wirelessly use Android Auto on your display, you need a compatible Android smartphone with an active data plan. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. ¹³ Not compatible with all garage doors. ¹⁴ This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. ¹⁵ Always drive carefully, consistent with conditions. ¹⁶ Always sit properly in designated seating positions with seat belts securely fastened at all times. ¹⁷ Vehicle must be locked and system activated for alarm to sound. ¹⁸ This system is solely an alert system for the front of the vehicle that does not take any actions to change vehicle dynamics to avoid a collision, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. ¹⁹ Traffic Sign Recognition is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact recognition and display of the sign. Always check traffic signs visually while driving. ²⁰ This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. ²¹ This system is an alert system for the front and sides of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. ²² Always check entire surroundings visually before proceeding. ²³ Always check visually for vehicles prior to changing lanes. ²⁴ Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. ²⁵ Always be aware of your surroundings and drive carefully, consistent with conditions. ²⁶ Requires purchase and professional installation. Contact dealer for details. ²⁷ Based on Manufacturer's preproduction estimates. Charging time is with a Level 3 DC fast charging station. Actual charging times may vary.
